

Special cabin edition by Cyril Kongo

ACJ TwoTwenty

Reimagine your place in the sky...

AIRBUS

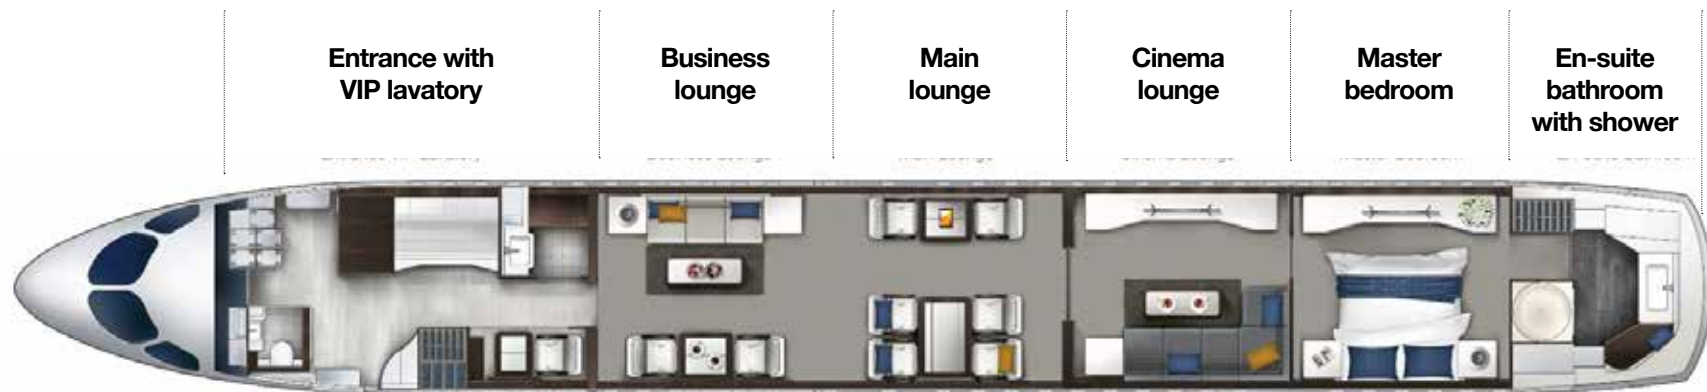

ACJ TwoTwenty

The new large bizjet

The signature flexible cabin catalogue offers ideal interior arrangements enabling you to unwind, work, dine or energise in a cabin designed for your specific needs and taste.

The ACJ TwoTwenty is a new value proposition. The aircraft combines intercontinental range, unmatched personal space, and state of the art technology. The clean sheet design uses advanced materials and fly-by-wire, offers outstanding connectivity, lower operating costs and unrivalled reliability.

ACJ TwoTwenty Layout

Business lounge

What if you could travel, perform and collaborate immersed in a modern art gallery that is meticulously designed to promote an environment of disruptive creativity? The business lounge has been envisioned by Cyril Kongo to connect comfort, functionality and emotions in one space. It is a place where you can challenge the status quo without compromises.

Main lounge

Our heritage and Cyril Kongo's creativity has been key while designing the main lounge. This Special Cabin edition has been proudly curated to properly rest or enjoy fine dining with valued friends and family, while admiring all colours that life has to offer. Our design team took full advantage of the exceptionally wide ACJ TwoTwenty cabin, allowing for a spaciouly crafted table greeting and serving up to eight guests; a first in the world of bizjets.

Cinema lounge

Our signature lounge arrangement reimagined and hand painted by Cyril Kongo, combined with precisely chosen branded textures and fabrics, has been crafted to kindle the sumptuous comfort, space and luxury of your own private art gallery. The optional 4K/55 inch home cinema screen, the largest by far for a bizjet, combined with the highest bandwidth satellite connectivity allows for streaming live events or video conferencing, enabling continuity to your lifestyle in the air.

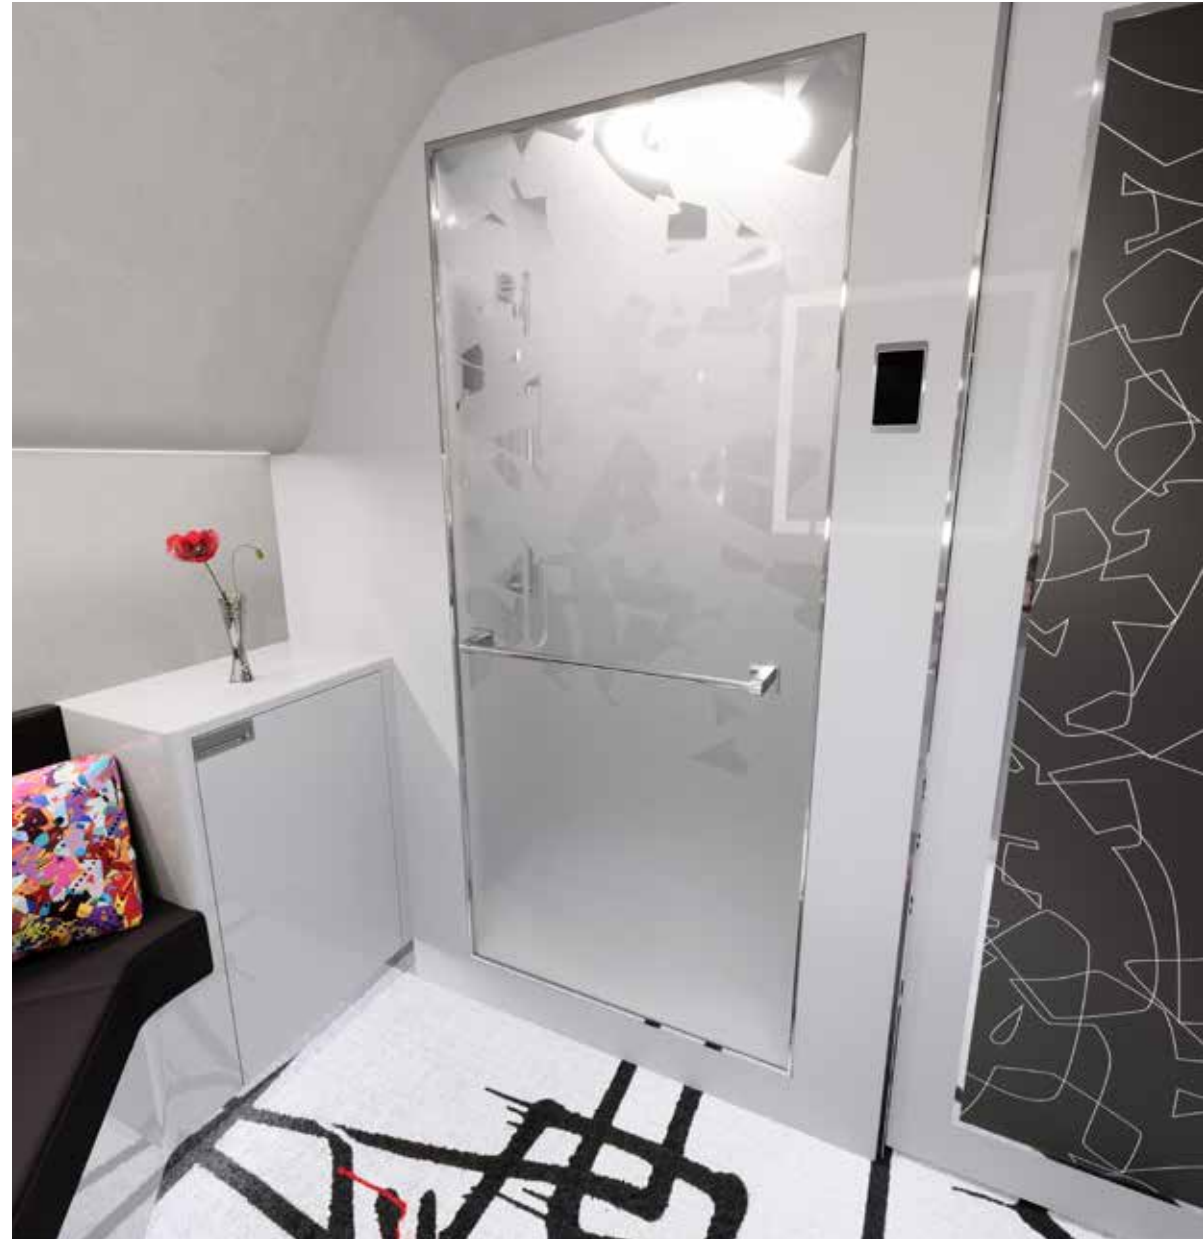

Master bedroom

The master bedroom is a place for you to refresh the body and mind. With generous proportions, its design promotes comfort, calmness and serenity, preparing you to dream in colour. The bedroom features bespoke Kongo artwork, exceptional sound proofing, a 4K/55 inch home cinema screen and, for the first time in a business jet, the option of a US king-size bed.

En-suite bathroom with shower

The en-suite bathroom with extra wardrobe space or a rainfall shower has been harmoniously designed into an elegant space. The wide mirror with optimised lighting and cabinet creates a personal sanctuary for your well-being and storage of valuables. The engraved shower door magnifies the Cyril Kongo's lettering even in your bathroom.

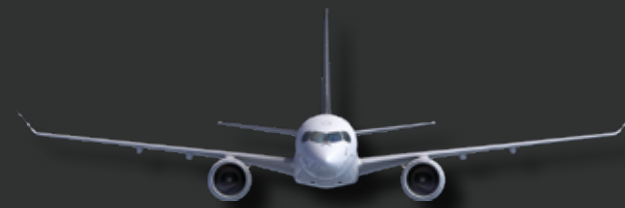

Entrance with
VIP lavatory

First impressions are often those that remain when encountering a new experience. Which is why we have asked Cyril Kongo to unleash his creativity. From the second you board the ACJ TwoTwenty you are greeted by a decorative sculpture of light on a natural wood finish. The attention to colourful details, an intelligently equipped chef's kitchen, a carefully chosen suede that covers the ceiling of the hallway, is your invitation to an unrivaled art gallery in the sky.
